LAST EDITION.

THE NEW SECRETARY OF INTERIOR.

Ex-Governor Dennison, of Ohio, is
Probably the Man.

WASHINGTON, Oct. 15.—The belief is
general that Ex-Governor Dennison, of
Ohio, has been tendered the office of Sec-
retary of Interior, and has accepted it.

Washington.

From Bombay--Election Excite-
ment--The President--Iroquois
Indians.

WASHINGTON, Oct. 15.—A dispatch re-
ceived at the Navy Department this
morning from Rear Admiral Reynolds,
commanding Asiatic Station, dated flag-
ship Tennessee, Bombay, September 10,
announces his arrival at that place on
the 4th of September, several days from
Aden. The rainy season was in full
blast, and there had been so much wet
weather there that the ship was uncom-
fortable. The health of the officers and
crew was good. The authorities at Bom-
bay extended every courtesy to Admiral
Reynolds and the officers of the vessel.
She intended to sail on the 11th of Sep-
tember for Colombo, Ceylon, and thence
to Palo, Penang and Singapore.

The election news received here yester-
day from Ohio indicating Allen's elec-
tion created great excitement. Large
numbers of bets were made at odds of
200 to 100 that Allen had carried the
State.

The President is expected to arrive here
this morning.

A cabinet meeting will probably be
held at twelve o'clock, at which time
the name of the new Secretary of the
Interior will be announced.

Fourteen hundred Iroquois Indians,
from Quebec, have asked permission of
the United States to settle on Cherokee
lands in the Indian Territory, they pay-
ing the Cherokees the sum realized from
the sale of their lands in Canada.

PACIFIC CABLE.

WASHINGTON, Oct. 15.—The United
States steamer Turcoro, now at San
Francisco, will sail from that port about
the first part of November on a cruise
among the various groups of islands in
the Pacific for the purpose of taking
soundings to ascertain the most advan-
tageous route for a cable in these waters.

THE PRESIDENT.

The President arrived here this morn-
ing and the Cabinet was convened at 12
o'clock.

The statement is made very positively,
to-day, that evidence has been discov-
ered showing unmistakably General
Negley's connection with the alleged
fraudulent Wikowski claim. Among
the papers sent to the District Attorney
is an affidavit of a man who alleges that
he witnessed the payment of \$5,000 to
General Negley for counsel fees.

W. E. Creary, of Michigan, has been
promoted from Assistant to Postmaster
of the United States Senate, and C. C.
Jones, of Minnesota, has been appointed
Assistant Postmaster.

New York.

Butler on the Currency--Fire.
NEW YORK, Oct. 15.—There was a large
crowd at Cooper Institute to hear Gen.
Butler on the currency question. But-
ler opened by stating that the subject of
the evening's remarks was finance, not
in the earlier and various significance of
the word, but in the broader and wider
interpretation of it, which imposed upon
the Government the duty of providing
for the people a stable and uniform me-
dium of exchange. This was the stan-
dard of value to which all business
transactions could be referred, and
which should be fixed and unalterable.

The speaker then compared several
systems of currency, from the ancient
Greek to the present time, arguing that
the market value of gold is a standard
for value of currency was false; and the
value of land depends upon its pro-
ductiveness and title; without the former
it was valueless. After which he re-
viewed at length the various systems of
paper currency in use both by Govern-
ment and commercial men.

A fire broke out in E. Ketchum & Co.'s
extensive tin-ware factory, corner South
Second and Twelfth streets, Brooklyn.
The building covered the whole block.
The fire was confined to one wing, and
caused damage estimated at \$24,000.
Fully insured.

NEW YORK, Oct. 15.—While some
colored men were returning last night,
from a picnic held in the outskirts of
Brooklyn, they were attacked by a num-
ber of whites. One of the negroes was
instantly killed by the blow of a stone,
and another was fatally injured. The
police arrested seven men engaged in
the assault.

It is stated, on good authority, that a
large firm in Cotton Exchange failed to-
day. The name is withheld until the rumor
can be verified.

The Louisiana Trouble.

NEW ORLEANS, Oct. 15.—Since the
driving away of the Sheriff a large party
has remained under arms, picketing
Baton Rouge with reserves.

At Clinton yesterday morning a detail
visited Baton Rouge, and took John
Gavin prisoner, charging him with pos-
sessed of a gun.

While taking him from Baton Rouge to
Clinton they were overpowered last
night by a party of armed masked men
and the prisoner Gavin was shot dead.

NEW ORLEANS, Oct. 15.—No further
particulars of the shooting of Gavin, and
lynching of his sister-in-law have been
received. It is ascertained, however,
that Saunders, alleged to have been poiso-
ned, is alive and well. Gavin was for
some months in this city, and was
repeatedly warned that he would be
killed if he went home to Clinton. The
woman who was lynched was a wife-
nurse in Saunders' family. There is no
other case on record. In this neighbor-
hood at least, of lynching a female.

Outrage in Birmingham.

BIRMINGHAM, N. Y., Oct. 15.—A hor-
rible outrage was perpetrated near Ross
Park on Wednesday evening. A girl
nine years of age, daughter of Mr. Ger-
min, who resides on Mary street, was
walking with her younger sister along
Burgan road, near Ross Park and above
the school-house, when she was met by

a villain, apparently about seventeen
years of age, who committed an outrage
upon her. The Chief of Police, Sheriff,
and a large posse of men, immediately
went in pursuit, scouring the country
and making most diligent search, but
the villain has not been found. The girl
is in a critical condition.

THE ELECTION.

COLUMBUS, Oct. 15.—Mr. Wykoff, the
Chairman of the State Republican Cen-
tral Committee, announces that Hayes'
majority is now 4,203, with Carroll
county to hear from, and with a Repub-
lican majority of 2 in the Senate and 12
in the House.

A dispatch from Wood county says:
Counting Perryburg votes, Hayes'
majority in Wood county is 469,
but if we throw out the Perryburg vote
on account of fraud, Hayes' majority is
increased to 723. Sage, Republican Rep-
resentative, is elected on either count.
If the Perryburg vote is thrown out,
both Republican Senators are elected.

COLUMBUS, Oct. 15.—The Executive
Committee have received no further
definite information than was contained
in my last dispatch of yesterday after-
noon. Wood and Carroll counties are
still to hear from, and the reports from
several other counties need verifying.
Republicans charge that an attempt is
being made to perpetrate a fraud in the
returns from Wood. They claim that a
telegram was sent to Thompson asking
him if a majority of 1,000 in Wood county
would help out, and that he replied that
it would do much good. Hayes' major-
ity now stands 3,900. Republicans hold
that a fair count in the two counties to
hear from will run this up considerably,
while Democrats claim that what is to
come can alter the present majority but
a few hundred at least.

ALBANY, N. Y., Oct. 15.—In the case
of Miss N. L. Engar vs. the Congress
Empire Spring Company of Saratoga, an
action to recover damages sustained by
an attack from a vicious buck deer, dur-
ing the fall of 1871, while the plaintiff
was taking her usual promenade in the
park surrounding the Empire Springs,
the jury awarded the plaintiff \$5,000
damages.

Recess Off.

CAMBRIDGE CITY, IND., Oct. 15.—The
Cambridge City races will not come off,
as there was not a sufficient number of
entries to justify its holding. The meet-
ings were not made on account of the
epizootic among the horses.

war.

The Daily News' special from Vienna
says Russia is preparing an expedition
against Bokhara, out of revenge for the
assistance rendered by the latter to the
Khokand insurgents.

ernment through M. Fovd, commander of
the frigate Minerva, now in port of New
York, and M. Fusc, of London, have
made a contract here for building two
schooners to be armed and employed as
cruisers about St. Pierre Migillon.

Laird, Secretary of State, and for the

ing.

Around About Windsor.

A writer says: "Windsor castle and
the view from the top of its round tower
far surpasses anything I have seen in
England, or, indeed, anywhere. On a
clear day one can see with ease twenty
miles. I saw London with unmistak-
able distinctness, twenty-two miles. It
is not often the eye can command a view
embracing more than 1,200 square miles.
Eleven counties were within the dim
horizon, and sometimes a twelfth. Es-
sex is also visible. More than twenty
places of historic interest cluster around
this magnificent pile.
